

Louisiana Cargill Employee Hurricane Ida Update

There is a crisis team formed and communicating to ensure the families displaced among the Cargill colleagues in LA are safe. The team is making donations to local food banks as well. Below is a photo from the Reserve, LA plant.

An Employee Disaster Relief Fund was formed in June 2020. We are encouraging those looking to help to make a donation to the fund. Employees can also donate and apply themselves if they need assistance.

Below is the link for Employee Disaster Relief Fund for the external website (accessible to anyone) and option for mailing in a personal check.

Ways to Give

How can you contribute to the Cargill Employee Disaster Relief Fund?
